# Foot Health and Wellness

## 2019 Winter/Spring Footwear Catalog

Apex Foot Health Industries is dedicated to designing and manufacturing the finest foot health products available on the market today. Our research and development team constantly explores and tests new ideas, technologies and materials to help improve the way people feel on their feet.

We are proud to present a comprehensive line of men's and women's footwear that provide superior comfort and protection in fashion-forward styles. The collection is ideal for those requiring fitting flexibility and offers state-of-the-art features and materials. Together with our Custom Diabetic Insert program, patients can benefit from maximum compliance and all-day protection.

*All styles except 1201, 1209 and SS100 meet PDAC A5500 requirements. To view Apex PDAC letters visit: [www.apexfoot.com/pdac](http://www.apexfoot.com/pdac).*

# WOMEN'S FOOTWEAR

**Apex Active footwear is designed to prevent injuries and provide quick, comfortable relief from pain and discomfort to help you lead a healthy and active lifestyle.**

### **Padded Collar & Tongue**

Provides cushioned comfort and prevents heel slippage

### **Biomechanical Footbed**

Contoured EVA insole provides support, cushioning and shock absorption

### **Customization**

The added EVA insole allows you to easily customize the comfort and fit of the shoe by trimming the insole at the areas of pressure. The insole may also be fully removed for additional depth.

### **Molded External Heel Counter**

For supported rearfoot control

### **Triple Density Sculpted Midsole**

Designed to preserve balance between your body and ground forces

# WOMEN'S ACTIVE

Apex Running and Walking footwear styles are constructed with the most advanced technological features and represent the highest standards in performance and comfort. Innovative features are meticulously built into these extraordinary shoes to offer midfoot and rearfoot stability, pressure relief to the calcaneus, and shock attenuation for the foot and musculoskeletal system.

The multiple removable layers, soft linings and wide last design offer protection, fitting flexibility, and the accommodation of orthotics and shoe modifications. Often recommended for people with diabetes, arthritis or anyone seeking shoes for maximum comfort.

## **X** X-Last

- X-Last for superior motion control
- 5/16" removable depth in 2 layers for fitting flexibility
- Composite shank for motion control & stability
- Slip-resistant rubber outsole for increased traction

## **V** V-Last

- More aggressive lug design for added traction
- Lighter weight & increased torsional rigidity
- Firmer EVA under arch for increased control
- 5/16" removable depth in 2 layers for fitting flexibility
- Multi-density midsole with supporting shank

## **A** A-Last

- A-Last for natural motion
- 5/16" removable depth
- Lightweight
- EVA midsole

All **X-Last** & **V-Last** styles have breathable, open air, moisture-wicking polyester, antimicrobial mesh linings

Please look for icons to identify shoe features, styles and lasts.

## Biomechanical Collection® B

Designed to limit stress at the areas of the foot most susceptible to pain. Ambulator® Biomechanical® footwear provides unsurpassed comfort and protection with unique features such as SmartGrip™ polyurethane soles, state-of-the art removable comfort orthotics and soft breathable, open air, moisture-wicking polyester, antimicrobial mesh linings. Recently updated with eye-catching styles, Ambulator Biomechanical footwear is often recommended for those with diabetes, arthritis or for those seeking a shoe that provides maximum comfort, stability and added protection.

- ½" removable hidden depth in 3 layers
- Genuine leather uppers
- EVA footbed
- SmartGrip™ polyurethane soles for safety & stability
- Soft fabric linings to wick moisture

\*More Biomechanical Ambulator® styles featured on page 18-20

# APEX SLIP-RESISTANT FOOTWEAR

For people who want therapeutic support,  
unsurpassed comfort and protection

Beautifully styled, the collection includes fashionable designs for every occasion. The slip-resistant soles made from injected EVA ensure the shoes deliver the necessary safety and protection your patients require without the added weight.

- Firm heel counters for stability & control
- New slip-resistant rubber outsole for traction & stability

Apex slip-resistant shoe styles:

- Women's Petals
- Men's Venture

Indicates shoe features  
a slip-resistant sole

This footwear exceeds  
**SATRA** and **Mark II** slip  
resistant standards for dry,  
wet and oily surfaces!

Slip Resistant

# WOMEN'S BOOTS

## INTRODUCING PAIGE: CASUAL, COMFORTABLE, CHIC...

From the office to the outdoors, your wardrobe is incomplete without our classic Apex desert boot.

Timelessly fashionable, this durable, full-grain suede lace-up ankle boot is available in black and tan. Simple and elegant, the iconic style can be recognized internationally and worn with versatile appeal for many occasions, and during most any season.

Designed to provide superior comfort, support and protection. All Apex footwear products are manufactured using the highest quality materials and feature state-of-the-art functionality that ensures optimal fit, plus enduring foot health.

# Biomechanical Footwear

Designed by a team of doctors and pedorthists to provide superior comfort and protection for those with diabetes, arthritis or painful foot conditions.

## Cushioning

Removable orthotics and polyurethane outsoles absorb shock forces and provide cushioning.

## Depth

Multiple removable insoles provide a 1/2" of removable depth for maximum protection and fitting flexibility.

## Stability

Hidden depth sole design with raised sidewalls and firm heel counters.

## SmartGrip™

Polyurethane sole for safety and stability.

## Customization

The added EVA insole allows you to easily customize the comfort and fit of the shoe by trimming the insole at the areas of pressure. The insole may also be fully removed for additional depth.

## Protection

High, wide toe boxes and soft, safe linings help protect the foot from injury.

## Fit

Straight last design, with multiple removable insoles ensure a proper fit for all foot types.

## YOU DON'T HAVE TO FALL!

Falls among our senior population is a little-known secret in healthcare. Most people who are having balance problems believe that falling is just a part of getting older. They keep it secret from family, friends and doctors for fear of losing their independence. Then they have a really bad fall and break their hip...or worse.

One in three Americans aged 65 or older falls each year

Every 19 minutes, an older adult dies from a fall

Every 11 seconds, an older adult is treated in the emergency room for a fall

Falls are the leading cause of death from injury among Americans age 65 or older

## ARE YOU AT RISK FOR FALLING?

Ask your doctor about the **MOORE BALANCE BRACE™** and request a fall-risk assessment today!

Visit [www.myfallrisk.com](http://www.myfallrisk.com) to locate a practitioner near you with experience in fall-risk prevention.

# BALANCE FOOTWEAR

**The Moore Balance Shoe (MBS)** is the first-ever footwear scientifically designed to reduce one's risk of falling\*.

## Features of the Moore Balance Shoe include:

1. Heel Counter Loop for easy donning
  2. Firm, adjustable heel counter with convenient Velcro® strap closure (AFO feature)
  3. High, padded heel collar for comfort and added support
  4. Extended tongue opening for easy AFO fit (AFO feature)
  5. Combination Lycra®/ washable synthetic leather upper is lightweight and accommodating
  6. Textured insole provides proprioceptive sensory feedback for polyneuropathy
  7. Extra depth with removable spacer for fitting customization
  8. Firm, supportive midsole
  9. Low-profile heel for maximum postural stability
- Increased toe spring and smooth outer sole for trip avoidance
  - Slip-resistant sole
  - Meets standards for coverage under Medicare's Diabetic Shoe Program

# MEN'S CASUAL & DRESS

The Apex men's Casual/Dress collection offers the ultimate in comfort and function without compromising on style. All shoes are built on anatomical lasts designed to provide a comfortable, healthy fit for your feet. Each pair is meticulously crafted with the highest quality material technologies. Features include: soft, full-grain leathers, moisture-transferring linings, and lightweight polyurethanes.

The Lexington™ collection features an advanced EVA performance insole for maximum comfort. The Ariya™ collection includes removable layers to accommodate orthotics and for fitting flexibility.

## Lexington™ L

- Removable EVA insole
- 1/4" removable depth
- Breathable, open air, moisture-wicking polyester, antimicrobial mesh linings
- Firm heel counters & soft padded collars
- Polyurethane outsole for cushioning, traction & stability
- Luxurious, full-grain leather uppers

Indicates shoe features a slip-resistant sole.

### Stretchables Collection **S**

Podiatrists recommend Apex Stretchable Footwear because of the added layers of protection, cushioned footbeds, built-in padding, expandable comfort and flexibility for people who have problematic feet and conditions such as: diabetes, bunions, deformities, hammertoes, edema (foot swelling) and severe foot pain. Apex offers a series of styles and selections.

- Hook & loop straps for maximum adjustability and easy on/off wear
- Seamless, stretchable uppers stretch to accommodate foot problems
- Soft fabric linings wick moisture away from the foot

### Ambulator Styles (Page 52 & 53)

- ½" removable depth to accommodate orthotics
- 3 removable layers for fitting flexibility
- Recommended for diabetic, arthritic or swollen feet
- Machine washable (SS100, T2000, and T2400 only)
