WORK BOOTS

The fundamental differentiator of the Infinity FD is the combination of Flex-drive construction, the anti-fatigue, high-rebound midsole, and the multi-traction rubber outsole. The patent pending Flex-drive utilizes a 51% welt at the rear of the boot creating a stable platform in the heel, and flexibility in the forefoot allowing for better flexibility and comfort while maintaining superior durability. The proprietary Infinity FD compound delivers excellent shock absorption and fatigue-fighting energy return. The combination of seemingly endless flexibility and the energy-returning outsole create an effect of driving you forward while retaining energy and momentum. This allows for extended hours of comfort in the boot without sacrificing performance or durability.

- » High rebound Infinity FD technology adds flexibility and energy return to propel you forward
- » Patent pending Flex-drive construction provides stability, durability, and flexibility
- » Anti-friction insole dramatically reduces friction, which means fewer hot spots and blisters
- » Waterproof, moisture-wicking membrane for added comfort and durability
- » Zero break-in period
- » Styles available in non-insulated and insulated with 3M™ Thinsulate™ Insulation

INFINITY FD WORK BOOTS

Infinity means forever. That's about how long your feet will feel comfortable in this boot. Wherever the site, whatever the job, Infinity FD delivers modern boot amenities and traditional Thorogood reliability that doesn't compromise comfort for performance. The patent pending Flex-drive rear-welt construction allows for maximum flex in the toe and superior construction. Paired with Flex-drive is our proprietary Anti-Fatigue high rebound sole that returns energy with every step. The combination of these two technologies delivers a relentless level of comfort and performance. With zero break-in and weather defiant protection from the elements, the Infinity FD gives you peace of mind, comfort, and confidence so you can focus on a job well done.

AMERICAN HERITAGE WELLINGTON BOOTS

poron MADE IN THE
USA

FOOTBED - 889-6007

The ease of these Made in the USA slip-on boots means you don't have to strain your low back first thing in the morning by bending over to lace your boots. You just slip them on and get going. Once you get to work, the MAXWear outsole will keep your feet steady wherever you put them; ladders, rough terrain, or steep grades-until the job is done.

FEATURES

- » Tobacco oil-tanned, or trail crazyhorse leather
- » Removable Ultimate Shock Absorption footbed on Poron® comfort cushion insole
- » Composite shank
- » MAXWear slip resisting outsole
- » Goodyear storm welt construction

A woman with blonde hair, wearing a grey tank top, denim shorts, brown boots, and a grey baseball cap, is sitting on the tailgate of a blue and white pickup truck. She is looking out over a grassy field towards a body of water under a dramatic sunset sky. The truck has an American flag mounted on its bed and various sponsor logos including KC, CEPEK, and BROWNELLS. The text "TEAM ADVENTURE M" is visible on the side of the truck bed.

THE 1957 SERIES

FOOTBED - 885-6007

Enjoy the classic, hard-working style of mid-century America in our re-issued 1957 boots. Rich leather in these Made in the USA boots are a smart look with your work uniform or your favorite weekend clothes. Sturdy Goodyear Storm Welt construction means worry-free wear for years and easy re-soling over the lifetime you'll own these boots. The MAXWear wedge outsole provides traction on slippery surfaces like mud and grass. A soft lining and waterproof, breathable membrane keep your feet dry, while the removable, memory foam footbed molds to your foot for maximum comfort. Classic styling for the modern man who appreciates quality workmanship.

THE NEW DEVICE

NON-METALLIC

**A REDESIGNED UPPER
ON THE LEGENDARY
Z-TRAC OUTSOLE**

NEW

- 1] Non-metallic YKK zipper
- 2] Shock Zone removable polyurethane footbed
- 3] EVA midsole for extra cushion
- 4] EVA heel inserts provide shock absorption

GREATER SLIP-RESISTANCE
Exclusive dual-density Z-Trac outsole provides a gripping pad and a rugged lug for traction indoors and out.

ENHANCED COMFORT
Durable, 400 gram performance air mesh with nylon/leather upper is lighter, with improved breathability and flexibility.

IMPROVED SHOCK-ABSORPTION
Dual-density rubber sole absorbs and distributes forces that cause injuries and fatigue, avoiding stress on feet and legs.

GENFLEX2® TACTICAL - JUMP BOOT

When you clock in, you never know how the shift will unfold. That's why you need durable, lightweight, and flexible boots to respond to any emergency. The GENflex2® dual-density rubber outsole with multi-directional traction lugs guarantee a superior grip and resistance to oil and slick surfaces. The high shine leather at the toe and heel give these hardworking boots a polished look. And Goodyear storm welt construction and heavy-duty YKK zipper with Velcro® closure means these side zip boots are built to last.

INFINITY FD HUNTING BOOTS

Patience. It is the fundamental quality of a successful pursuit. It means commitment, resilience, and composure. It means the difference between empty-handed and a wall-hanger. The Infinity FD is the boot equivalent of the patience of the pursuit. We've patiently and diligently researched, designed, and built a technical, pursuit-driven boot with uncompromising comfort and performance. Thorogood's patent pending Flex-drive 51% welt construction allows for maximum flex in the toe and enhanced heel stability. An anti-fatigue energy return system absorbs shock while propelling you forward. This combination of technologies delivers a relentless level of comfort and performance. With zero break-in and weather-defiant protection from the elements, the Infinity FD gives you infinite peace of mind, comfort, and confidence for limitless pursuits.

SOLARCORE
NASA-Inspired Insulation Technology

The Infinity FD rubber boot is a flawless fusion of simplicity and complexity. Inside of this classic rubber boot silhouette is cutting edge technology that will bolster performance and enhance comfort in the most challenging conditions. The Infinity FD Flex-drive anti-fatigue, energy return system absorbs shock while propelling you forward. A NASA-inspired SOLARCORE aerogel lining added to the toe cap and bottom of the boot has been tested to retain 50% more heat to provide cold-crushing insulation and minimal bulk. The body of the Infinity FD rubber boot is constructed from a scent-free rubber, perfect for the pursuit. With zero break-in, the Infinity FD rubber boot gives you infinite mobility and protection from the elements for limitless pursuits.

FEATURES

- » Scent-free, waterproof rubber
- » Anti-microbial wicking liner
- » 3M™ Thinsulate™ Insulation with Solarcore (867-0108, 864-0116, 864-0208)
- » Adjustable calf gusset
- » Composite shank
- » Multi-traction, self-cleaning, Infinity FD Flex-drive midsole/outsole

THE 1957 SERIES - FLYWAY

FOOTBED - 889-6007

"A bird in the hand is worth two in the bush."

Don't miss your shot due to tired, wet feet in heavy boots clogged with mud. These Made in the USA Flyway boots exceed the avid upland bird hunter's requirements: Cushioned removable footbed for all-day comfort, breathable waterproof membrane to keep your feet dry and blister-free, a rubber midsole for shock absorption with every step, and Antique Goodyear Welt construction for years of durable wear. Tailor-made for the upland bird hunter's needs, the simple yet effective multi-directional pattern of the lightweight outsole resists mud and slipping so you can flush and shoot with confidence all day long.

Snake Bite - Side Zip Snake Boot

A southern hunter has one need a northern hunter might not ever consider—protection from snake bites. That's why we put SnakeGuard Extreme material over these 17" size-zip boots to make you snake-proof. The Z-Trac slip-resisting rubber outsole with gripping pad and rugged lug provide superior traction. The EVA/polyurethane cushion midsole absorbs the shock of every step so you can hunt all day without fatigue. Cradle your foot in comfort with the removable dual-density polyurethane footbed. These tough boots stay good-looking longer with 3M® Scotchgard™ Protection. And that's a good thing, since they'll last you for years to come.

KEY

Tested and certified to meet the rigid standards established by the American Society for Testing and Materials (ASTM), all of our safety footwear meets or exceeds the highest ASTM F2413-11 or ASTM F2892-11 ratings (where applicable).

UNION MADE IN THE USA*

*Weinbrenner Shoe Company manufactures our Made in USA footwear at its two union factories in Wisconsin. Our Made in USA footwear is either Berry Compliant (100% Made in the USA with USA components), Made in the USA with domestic and globally sourced components, or Built in USA with globally sourced components.

BERRY COMPLIANT (100% USA MADE)

Made in the USA with USA components.

BLOOD-BORNE PATHOGENS

Blood-borne pathogen penetration compliant, for at least one hour when tested according to ASTM F 1671, Standard Test Method for Resistance of Materials used in Protective Clothing.

BUILT IN THE USA

Built in the USA with globally sourced components.

COMP 75 SAFETY TOE

Composite safety toe caps provide the same protection as steel, but are non-metallic, corrosion resisting, transmit less cold and weigh less.

[75] IMPACT

Class I/75 footwear retains a .500 inch (1/2 inch) for men's and .468 inch (15/32 inch) for women's or greater clearance after a nominal impact of 75 foot-pounds (101.7J), i.e., a 50 pound weight dropped, reaching 117.9 ± 2.4 inches per second velocity at impact. COMPRESSION: Class C/75 footwear retains a .500 inch (1/2 inch) after compression of 2500 lbs. (11,121 N) or greater.

GORE-TEX®

Engineered with the high-tech functionality of GORE-TEX®. GUARANTEED TO KEEP YOU DRY.

EH ELECTRIC HAZARD RESISTING FOOTWEAR

Constructed or manufactured with electric shock-resisting soles and heels capable of withstanding an application of 18,000 volts (root mean square (RMS) value) at 60 Hz for 1 minute with no current flow or leakage current in excess of 1.0 milliamperes under dry conditions.

I-MET[®] PATENTED TECHNOLOGY

A breakthrough in metatarsal protection, exclusively from Thorogood® features the only internal, invisible, Metatarsal Guard that's completely integrated with the safety toe cap.

I-MET² PATENTED TECHNOLOGY

Exclusively from Thorogood® Footwear. The polymer compound used in the I-MET²® absorbs and deflects impact to the instep of the foot. Like the original I-MET®, I-MET²® is an internal, invisible, Metatarsal Guard that's completely integrated with the protective toe cap.

INSULATED

3M™ Thinsulate™ Insulation, the original thin insulation designed specifically for footwear.

MADE IN THE USA

Made in the USA with domestic and globally sourced components.

METATARSAL

Class ASTM F2413-11 Mt/75 footwear retains a 1.0 inch clearance for men's and .937 inch clearance for women's, after a nominal impact of 75 foot pounds (101.7J), i.e., a 50 lb. weight dropped, reaching 117.9 ± 2.4 inches per second velocity at impact 3.5 inches in from the toe of the footwear (3.375 inches on women's).

NM NON-METALLIC UPPER

These styles are 100% non-metallic utilizing composite toes and non-metallic hardware (eyelets). These features will help minimize the chance of marking / scratching work surfaces and will not activate security screening devices.

POSTAL CERTIFIED

Footwear bearing the SR/USA label have been manufactured according to USPS 89D or USPS 89E and meet sole slip-resistance (ASTM F 489), domestic source end product requirements. They are Certified by the US Postal Service and Department of Navy, Navy Clothing, and Textile Research Facility.

PR PUNCTURE-RESISTING

Puncture-resisting through the sole at a force load of 1200N (270 lbf). Unique textile insole material is flexible and puncture-resisting.

SLIP-RESISTING

Footwear is tested for ASTM F2913-11 (or Mark II) industry criteria for slip-resisting footwear.

SD STATIC DISSIPATIVE

SD Footwear will provide for a resistance of between 10 to the 6th power ohms (1 megohm) and 10 to the 8th power (100 megohms) resistance when 50 volts are applied via an electrode to the hand of a person wearing the SD test sample on a conductive ground plate.

Waterproof barrier keeps water out.

LIMITED WARRANTY

Weinbrenner Shoe Company, Inc. ("Thorogood Shoes") warrants solely to those consumer purchasers ("purchasers") who, for their own use or use by another consumer end user, purchase the Thorogood® branded products ("Products") directly from an authorized seller ("Authorized Seller") that the Products manufactured by Thorogood Shoes are free from defects in material and workmanship for a period of one year from the date of purchase.

This warranty covers normal use only of the Products. Thorogood Shoes will not assume responsibility for any failure of the Products incurred by misuse, abuse, neglect or exposure to a substance or an environment that degrades the Products. Normal sole wear of the Products is not considered to be a defect in material and workmanship.

Products considered to be defective must be returned to the Authorized Seller from which the Products were originally purchased or issued with the original purchase receipt or issuer's invoice record. Our policy is to honor Product warranties only on Products purchased from an Authorized Seller of Thorogood® Products and only when accompanied by the original purchase receipt or proof of purchase. If Products are purchased from an unauthorized seller this limited warranty will not be valid.

Defective Products will be repaired or replaced at the discretion of Thorogood Shoes. Any replacement will be for the same style and size of the returned defective footwear Products.

This is a limited warranty. The obligations set forth in the preceding paragraphs are Thorogood Shoes' sole obligation and the purchaser's exclusive remedy. Thorogood Shoes makes no other express warranty. Any implied warranty of merchantability or fitness for a particular purpose that may be applicable to the Products is limited in duration to the duration of this limited warranty. Some States do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

Thorogood Shoes shall not be liable for any direct, or indirect, incidental or consequential damages even if it has been advised of possibility of such damages. Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

This limited warranty shall be governed by, and construed and interpreted in accordance with, the local laws of the State of Wisconsin (without application of its conflicts of laws principles), except only to the extent replaced or precluded by other law of mandatory application. This warranty gives you specific legal rights, and you may also have other rights which vary from State to State.
